First Fill Prescription Card Program

(Please use the temporary first fill card below for prescriptions related to your work injury.)

Dear Injured Worker:

Enclosed is your first fill card, use this card for any prescriptions related to your work injury. The first fill card is limited to a maximum of $150. This card will close 10 days after initial activation. Please use this first fill card while we evaluate your status and complete the necessary paperwork to get your permanent card activated. Once your information has been reviewed and approved, a permanent card will be printed and mailed to you. Upon receiving the permanent card, please destroy the first fill card and start using the permanent card for all future new and refill prescriptions related to your work injury.

Present the attached card at any participating network pharmacy each time you have a workers' compensation prescription(s) filled or refilled. Using the CCMSI Comp Rx card means you have no out of pocket expenses for the covered medication(s) and there is no copay unless you choose a brand name medication when a generic is otherwise available.

If you have any questions about this program for your workers compensation claim, please call the NPS Help Desk at 1-800-546-5677. Thank you!
